

Arjun Mehta

Machine Learning Engineer | AI Developer | Data Science Enthusiast
Email: arjunmehta163@gmail.com | Phone: +91-98XXXXXX21
GitHub: github.com/arjunmehta | LinkedIn: linkedin.com/in/arjunmehta

Professional Summary

Passionate Machine Learning Engineer skilled in Deep Learning, Computer Vision, Natural Language Processing, and Data Analytics. Experienced in developing AI-powered solutions using Python and modern ML frameworks.

Technical Skills

Programming	Python, Java, SQL
ML Frameworks	TensorFlow, PyTorch, Scikit-learn
Libraries	Pandas, NumPy, OpenCV
Cloud & Tools	Git, Docker, Firebase
Concepts	Deep Learning, NLP, CNN, Data Analysis

Projects

Smart Attendance System

Developed a face recognition attendance system using OpenCV and Deep Learning.

AI Voice Assistant

Built a voice-controlled AI assistant using speech recognition and NLP.

Image Classification

Trained CNN-based models for image classification with high accuracy.

Education

Bachelor of Engineering in Artificial Intelligence & Machine Learning
XYZ Institute of Technology
Graduation Year: 2027

Certifications

- Machine Learning with Python
- Deep Learning Fundamentals
- Data Science & Analytics
